ETL has been visibly strengthening its position on the Polish market for a couple of years now. In 2020, the network welcomed new members, among others the SWGK consulting group. Thanks to the experience of our new partners, we have particularly bolstered our transfer pricing department. It seems that with the growing demand for professional accounting and tax advisory services, including cross-border tax advice, the trend to systematically expand teams will continue — comments Przemysław Fil, Board Members at ETL Audyt.

Jacek Bajson among the best tax experts in Poland

Tax advisor Jacek Bajson has once again been awarded recognition in the area of personal income tax. It is already the 7th time, and 5th in a row, that Mr Bajson has been tapped by the editorial team of *Rzeczpospolita* as one of the top tax experts in the country.
