OVERVIEW OF BUSINESS AREAS

TAX

We offer specialised tax services in each phase of the tax process: from personalised advice to comprehensive compliance services and representation opposite the tax authorities.

ACCOUNTING

We help our clients elevate their financial management with expert bookkeeping and accounting solutions.

AUDIT

We provide our clients with the necessary controls and help them monitor their businesses.

LEGAL

We provide legal advice for our clients to comply with the law while avoiding risks and costs where possible, but we also go to court for them where necessary.

PAYROLL

We manage payroll processes with accuracy and reliability, ensuring compliance with local regulations and smooth administration for both employers and employees.

IT SERVICES

We provide specialised IT and related support services that help businesses maintain secure, efficient, and reliable financial systems.

CONSULTING

We support companies with business advice on financial and operational matters, helping them improve performance and achieve their objectives.

INTERNATIONAL DESKS

We are prepared to help our clients find their way abroad in their native languages and business cultures.

ETL GLOBAL
**ETL'S INTERNATIONAL
BUSINESS PLATFORM**

ETL GLOBAL

THE WORLDWIDE PROFESSIONAL SERVICES NETWORK

- **ETL GLOBAL** is an **interdisciplinary network of professionals** and the **international business platform for ETL**.
- At ETL GLOBAL, **worldwide partners share their knowledge, skills and experiences**, supporting each other in close collaboration and jointly serving clients in their international business.
- The ETL GLOBAL network is constantly growing, which offers **enormous opportunities and synergies for both, clients and professionals**.
- Based on **long-term and durable, cooperative personal relationships** among the professionals within ETL GLOBAL, communication channels are short even over long distances.

ETL GLOBAL VALUE PROPOSITION

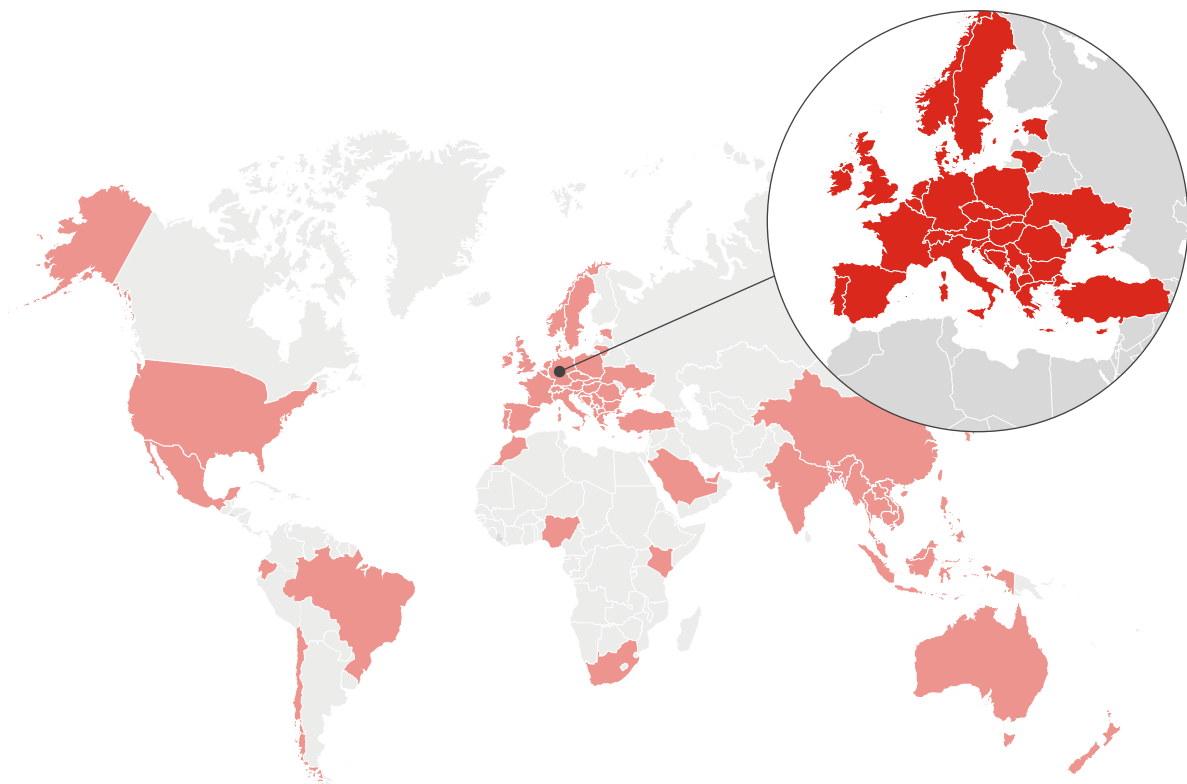

- ETL GLOBAL offers a **highly personalised service and individual solutions** with a special focus on the demands and expectations of SMEs.
- ETL GLOBAL partners provide cross-border services **more efficiently** than consulting companies without integration into a network.
- ETL GLOBAL creates **interfaces for international know-how transfer** in the fields of tax advice, auditing, accounting, legal and management consulting for SMEs and their advisers.

**Being close to our
clients is the core
ETL promise.**
